## How We Achieve Quality

**Adjoin aspires to excellence in all aspects of our business practices and services.**

Adjoin understands the importance of meeting internationally recognized standards of best business practices. We accomplish this by having all Catalyst vocational services and Adjoin Veteran services accredited by the CARF [Commission on Accreditation of Rehabilitation Facilities]. CARF is a private, non-profit organization that promotes quality rehabilitation services.

Adjoin has retained CARF accreditation throughout our years of service.

**Adjoin is committed to building stronger communities where every person feels a sense of belonging. We know our team members are pathway creators who can make this a reality – One FLUTTER at time.**

Adjoin's One Flutter team member program was launched in July 2020 and was inspired by the voices of our team members. The One Flutter program is based on the "Butterfly Effect", where a small change in a community can result in significant positive changes to society.

We believe every team member can be the change they want to see in the world – One Flutter – at a time. Through the One Flutter program, team members can support a cause close to their hearts each year through a Day of Change. Team members choosing to participate receive up to 8 hours of paid time off to volunteer in their community. Also, all team members are eligible for a reimbursement of \$25 for donating \$25 or more to a cause of their choice each year.

**Change One Thing**  **Change Everything**

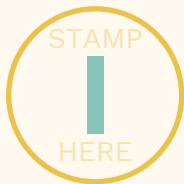

**The Butterfly Club is our Adjoin Team Member donation program. Founded in July of 2002, it has become an amazing resource to the people we support.**

Donations are only used to benefit the people Adjoin serves. The club funds empower the people we support to gain the skills and confidence to be active participants both personally and socially with in their communities. The club has funded over \$170,000 directly impacting thousands of people's lives.

“**Adjoin Team Members play more than one key role in supporting the people we serve to be active participants in their community, to belong.**”
